Thank you for showing interest in becoming part of the Toontown Rewritten Team! Before you start filling out this application, there are a few things you should know:

1. **Toontown Rewritten is a volunteer effort.** No income or salary is provided as compensation for anyone's involvement.
 2. **Graphic design is a time consuming task.** It's not quite as simple as making an image for a blog post. Graphic Designers work with the rest of the team to create visually stimulating images that will keep the public engaged in our content, and must keep up with every side of Toontown Rewritten's public view.
 3. **Graphic designers require some knowledge of marketing.** It may seem obvious, but graphic designers need some degree of marketing knowledge, as well as knowledge of best graphic design practices, in order to work with Public Relations to create content such as news images, social media graphics, and advertisements.

Required Challenge

Being a Graphic Designer, you will be designing various resources for the team to utilize. These resources are used in pamphlets, news posts, social media, etc. For us to see your ability, please complete the following mandatory challenge:

1. **News Post Image** - Almost every news post on the Toontown Rewritten website contains an image tailored to that post. In order to complete this challenge, create a news post image that could be used on the Toontown Rewritten blog. You can reference an existing news post and create an alternative image for it, or come up with something completely new for a post of your own.
2. **Social Media Image** - Our social media accounts utilize images for promotion, announcements, updates, page design, etc. Create an image that could be paired with a social media post with the intention of engaging followers.
3. **Pamphlet** - At our annual ToonFest convention, we often pass out printed material with the purpose of informing people about Toontown, and giving existing players something memorable to hold on to when the event is over. Create a decorative pamphlet with information and images about the game. The pamphlet should be formatted so it can be printed and handed out at an event if necessary. Your pamphlet can be submitted as a .pdf if needed.

You can see an example of each task by following [this link](#). A zip file will download with an example of each type of image inside to reference.

Once you complete all three challenges, you can upload a .jpg or a .png to your application email for it to be reviewed.

We thank you again for showing your interest in helping us out! After we receive your response, we'll file your credentials for future reference.
